Building Financial Resources for Ministry

Financial leadership in the church exists to serve The Church's mission. It's essential for every church's future. But financial ministry is an area in which many (perhaps most!) laity lack adequate training. This course will provide you with a clear understanding of church finance, of which every leader should be aware, and equip you with the tools to build financial resources for ministry.

This course has been developed by the Mid-Atlantic Foundation of the UMC, Inc., Stewardship and Investment Management (MAUM), in association with Hopewell United Methodist Church's 14th annual *Planting Seeds for Ministry Growth*, leadership training for lay and clergy.
