# DRIVE-IN WORSHIP
# Sundays at 9:30 AM in the Hopewell Parking Lot

Here's some important information about what to expect:

- **What should I expect?** Hopewell's pastors and leaders will provide a weekly worship experience, including music, prayer, and sermon. With great joy and enthusiasm, we'll be leading from a temporary stage in the parking lot, and we'll send worship information through the Hopewell Happenings each week.
- **Will we be able to see and hear?** Yes. In an attempt to create better visibility, we'll ask drivers of SUVs to park in certain areas, making it possible for others to see the stage. Everyone will be asked to **tune into 88.9 FM** for sound.
- **Will we see our Hopewell friends?** At Christmas, we saw lots of interaction, even from within cars, between worshipers. We will encourage you to acknowledge one another, say hello, and contribute to the community "feel" while maintaining social distancing and mask-wearing when appropriate.
- **Will we be able to sing?** Yes, we will be encouraging worshipers to sing along. We'll provide lyrics each week so you are prepared. It will feel so good to add our voices in praise to the Lord!
- **Will we still have to wear masks?** If you leave your vehicle, you will need to wear your mask. If you remain inside, you are free to worship without your mask. In other words, whenever you are interacting with people you do not live with, it is important and safest to wear a mask.
- **How will I be able to give my offering?** As you exit the service each week, you'll be able to give your tithes and offering to one of the parking lot ushers. We'll then add that to our weekly offering and use it to continue ministry and mission in Jesus' name.
- **What if I don't think I'm going to like this?** A new worship experience can be a lot like broccoli ... you don't think you're going to like it until you try it. Then you may discover it's quite good! So give it a try before you decide.
- **Do I have to register?** At this time, we are not asking for registrations.
